This is in supersession of Ministry of Agriculture, Cooperation and Welfare's earlier letter of 8th September, 2015 regarding extension of the interim arrangement of fumigation of peas and pulses imported into India from USA.

I am happy to inform you that it has been decided to extend the interim arrangement and permit quarantine clearances of consignments of Chickpeas, Peas and Pulses, shipped from USA, that are duly covered by Phytosanitary certificates issued by USA authorities on the basis of fumigation by Methyl Bromide at the port of arrival in India upto 31st March, 2016.
