Subject: Additional declaration for freedom from soil in Pulses consignments from Canada.

Sir

I am directed to request you not to treat lack of additional declaration for freedom from soil on PSC in the pulses consignments exported from Canada as non-compliance till the pulses arrangement is finalized. In the said consignments fumigation with methyl bromide should be carried out and pulse samples sent to NBPGR as per existing practice.

Track was also reported of ISCP.

Yours faithfully,

N.K. Sinha
(N.K. Sinha)
Under Secretary to the Govt. of India
